In your practice, you may have come across people who are experiencing unmanageability in their lives due to their sexual thinking and behavior. Professionals who work with sex addicts share a common purpose with Sexaholics Anonymous - to help the sexaholics recover and lead healthy, productive lives.

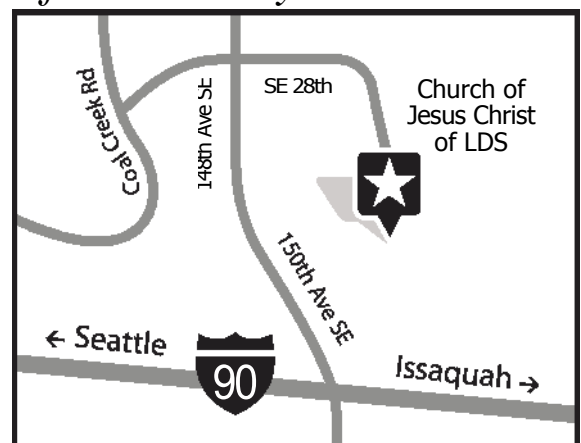

Purpose

In this one hour, you will hear from two speakers from the Sexaholics Anonymous and the S-Anon Family Groups. Both are 12-Steps programs based on Alcoholics Anonymous. Sexaholics Anonymous is for Sex Addicts wishing to achieve sexual sobriety. S-Anon Family Groups is for anyone wishing to recover from the effects of the sexual

behavior of a family member or friend. There will be opportunity for Q&A at the end of the hour.
